Saturday June 27, 2009

Motorcycle Ride and Neighborhood Stomp

Fun, Food, Music & Fellowship Raising funds and awareness for Melanoma research

I can do all things through Him who strengthens me.

Philippians 4:13

Jesus loves you ...and so do I!

In loving memory of Warren Dressler

# Help STOMP out Melanoma!

- Registration fee includes walk, t-shirt and lunch.

## Warren's Ride and

**Neighborhood Stomp begin and finish at:**  
Mt. Olive Lutheran Church  
5171 W. Smokey Row Road  
Greenwood, IN 46143

## Skin Cancer Protection

- Protect yourself from the sun
- Seek shade
- Cover up with clothing, a wide-brimmed hat and sunglasses.
- Avoid excessive sun exposure, especially between the hours of 10 am – 4 pm.
- Apply sunscreen with a sun-protective factor (SPF) of 15 or higher with both UVA and UVB protection. Reapply every two hours, even if it's cloudy, and after swimming or sweating.
- Examine your skin often and take note of any changing or new moles.

## Melanoma Statistics in the United States

- Skin cancer is the most common form of cancer in the United States.
- Melanoma is the most deadly form of skin cancer.
- Melanoma is one of the fastest growing cancers in the United States and worldwide.
- Every hour a person dies from melanoma.
- Melanoma can develop anywhere on the body, including eyes, scalp, hands and feet.
- Melanoma is most common in men over the age of 50, more common than colon, prostate, and lung cancer.
- In all persons ages 15–29, melanoma is the second most common cancer.
- Today 1 in 60 people will develop melanoma.
- There will be 62,480 new cases of invasive melanoma this year and 8,420 people will die from melanoma.
- Melanoma can affect anyone, no matter their age, sex, or race.
- The majority of melanoma is caused by exposure to UV light and sunlight.
- Just *one* blistering sunburn can double a person's chance of developing melanoma later in life.
- Exposure to tanning beds before age 35 increases a person's risk of developing melanoma by 75%, and occasional use of tanning beds can triple their chance.
- Unlike all other cancers, melanoma is visible on the skin, making it easier to detect in the early stages.
- Most melanoma is curable in the early stages with an over 90% survival rate.

## Participant release and waiver statement

*(must be signed to participate)*

In consideration of the foregoing, I, for myself, my heirs, executors and administrators, waive and release any and all rights and claims I may have against any of the sponsors, organizers, Warren's Ride and Mt. Olive Lutheran Church for any and all claims of damages, demands or loss actions whatsoever which may arise as a result from participation in this event. I understand and acknowledge that participating in this motorcycle ride and/or family fun walk event may expose me to dangers from both known and anticipated risks. I attest and verify that I am physically fit and have sufficiently trained for the completion of this event and my physical condition has been verified by a licensed medical doctor.

Further, I grant full permission to any and all of the foregoing to use my likeness for any legitimate purpose whatsoever.

Signature of Participant (or signature of parent or legal guardian if entrant is under 18 years of age)

**Motorcycle Drivers:** I attest and verify that I have a valid motorcycle driver's license and insurance required to participate and acknowledge that all traffic laws and regulations will be adhered to.
